

CreA(C)tionING The WON

a Quantum Consciousness Dance/Sound Project Actualising The Human Source Potential Of The ONE

Aleksandra Maria Ścibor Infinity & Robert Fischer

CreA(C)tionING The WON reclaims, remembers, and retrieves the human potential for materialising and manifesting the WON Self in, with, through the aesthetic media of dance and sound generating the quality states of the WON within the NOW.

The WON stands for the Triumph of the MICRO ONE. CreA(C)tionING relates to actualising the Human Source Potential of being the CreA(C)tor and CreA(C)tion ONE. The (C) contextualises the research within the field of quantum consciousness as the playground for existence.

CreA(C)tionING The WON originates from the knowing that the Human ONE Self exists as the MICRO SCALE of the ONE, i.e. the Infinite I AM_God_How, Why, What Is; and that the ONE, i.e. the Infinite I AM_God_How, Why, What Is, is the MACRO SCALE of the Human ONE Self.

The MACRO ONE represents the undifferentiated, absolute, free CreA(C)tor and CreA(C)tion.
The MICRO ONE exists as the differentiated, divided, imprisoned Self of the separated many.

In, with, through CreA(C)tionING The WON, we research into the differentiated existence of the MICRO ONE Self to unite and synchronise the separated multiple selves into the crystalline WON Self realising the Human Source Potential of the CreA(C)tor and CreA(C)tion ONE.

We actualise the WON in, with, and through creA(c)tionING, i.e. engaging into an ongoing dance/sound creation_A(C)tion of the quantum ONE Self - creA(C)ting the dance/sound creA(C)tion ONE - creA(C)tionING the dance/sound WON.

CreA(C)tionING The WON happens in, with, through the Physical Body - the vessel of the Infinite Human.
The practice of embodying the Dance ONE Self for Aleksandra and embodying the Sound ONE Self for Robert
becomes the cornerstone and the springboard for creA(C)tionING the Dance/Sound WON Selves.

Exploring, experiencing, and embodying the immaculately crystalline WON Selves we transcend divisions, transmute oppositions, and transmogrify into The Dance/Sound WON.

The WON Source HuMAN We Triumph!
