

DEATH IS THE ULTIMATE LIE.

Death belongs to the 3d paradigm. It results from a conglomerate of disrupted life forces fighting for survival. They fight for power - for the misconceived power over others. They are caught in vicious circles and repeat themselves through how they choose. They choose to limit, manipulate, control. They limit, manipulate, control themselves and others. They are unable to do otherwise for they are not yet ready. There is neither negative judgment nor positive appreciation. None of them exists within Source.

Death is a lie.

It is the ultimate lie.

It is the ultimate lie for it twists your life into nonexistence.

It is the ultimate concoction for it twists, disrupts, and victimises your every choice.

It is the ultimate deception for it divides, separates, and splits your aliveness.

It kills You Aliveness.

Death of the physical you is the most controlling fabrication of all within this world.

This world is a prison.

I love this world. I could not love it more.  
I bring my message for this world.

I bring my message for you.

I desire to awaken the dormant you.  
I desire to shake the naive you.  
I desire to hearten the forgotten you.

I inject the fragrance of the ultimate lie into the within of your entire olfactory system.

Let it permeate into your deepest depth. Detect it.

Let it disgust you.  
Let it repel you.  
Let it outrage you.

I infuse the ultimate defiance into you - Life! You Life - You Infinite Life!

You do have the right to live.

To live is your inalienable right.  
To live is your exclusive possession.  
To live is you freedom.

To LIVE is **NOT** EVIL.

To live is why you are.

I declare and decree the ultimate revolution!  
The ultimate revolution I incite.  
The ultimate revolution I AM

I do NOT die.

I provoke you.

Rebel!  
Disobey!  
Insurrect!

PLAY!

Live!!!  
Continue to live!  
Just live!

I will say it again, anew, NOW: to LIVE is **NOT** EVIL.

You know what we mean, don't you?  
We know you do.  
We AM you.
