

Ever(Y)thing disperses.
More and more.

Words become nonexistent.
They do not matter where I AM

Where I AM, they do not exist.
They do not need to exist.

Where I AM, they are just not.

Where I AM, nothing needs explanation.

Where I AM, all just is.

Manifestation is immediate and simultaneous.
Clarity abides.
Transparency rejoices.

Distance shrinks.
The in-between dissolves.

All just is.

I just AM

I leap through.

Defiant AM
