

To Yari Stilo who recognises the potential I offer eternal gratitude.

Freedoming is a nowbynow practice of setting the Self free.

Practising setting the Self free may eventualise in becoming and being Freedom.

Freedom is how you sense, receive, feel Freedom to be.

Freedom is why you sense, receive, feel Freedom to be.

Freedom is what you sense, receive, feel Freedom to be.

Freedom is infinite.

Freedom knows no borders.

It knows no beginning. Neither does it know any end.

You are Freedom.

You embody the potential to be Freedom.

You may become Freedom.

You may be Freedom.

To be Freedom you first need to practise setting yourself free.

You need to become proficient at setting yourself free from the external, from the internal, from the in-between.

Freedom has no opposition.

Neither is Freedom opposition to any existence.

Limitation that exists as opposition to Freedom on earth is an artificial construct.

It is an illusion designed for the sake of manipulation and control of the human race.

The very awareness may greatly support setting the Self free within the reality of ubiquitous lie.

Freedom begins when and where you notice that you are imprisoned and that you imprison.

You see that everything around you is imprisoned and that everything around you imprisons.

You realise that the world is imprisoned and that the world is a prison.

The world imprisons and you are a prison.

When and where you are ready, you recognise omnipresent imprisonment.

You sense, receive, feel rampant limitation, manipulation, control.

You sense, receive, feel how fabricated, bridled, repressed you are.

You sense, receive, feel how you fabricate, bridle, repress.

(T)here is neither negative judgment nor positive appreciation. None of the exists within Source.

Limitation, manipulation, control exist externally, internally, in-between.

When and where you are ready,
you allow yourself to sense, receive, feel how commanded you are and how you command.

Externally, internally, in-between.

This is when and where you may discharge the potential for you to be Freedom.

This is when and where you may conceive You Freedom.

This is when and where you may retrieve You Freedom.

This is when and where you have a choice.

You may either remain within the reality of imprisonment or begin to freedom You .

(T)here is neither negative judgment nor positive appreciation. None of the exists within Source.

Freedom desires you to choose.

Freedom is fine with your every choice.

Freedom is a choice.

The choice is never ultimate.

You cannot decide once and for all.

Freedom desires to be chosen endlessly.

Freedom desires to be chosen again and again.

Freedom desires to be chosen more and more.

Freedom desires to be chosen now by now.

Know that You are Freedom.

Freedom is a choice either.

Practising freedom is a never-ending choice.

Choosing to freedom You happens momentbymoment, breathbybreath, nowbynow.

The choice is never ultimate.

You cannot decide once and for all.

Freedoming desires to be practised endlessly.

Freedoming desires to be practised again and again.

Freedoming desires to be practised more and more.

Freedoming desires to be practised now by now.

Freedoming expands your potential to become and to be Freedom that You are.

Freedoming, however, does not guarantee that you become Freedom.

You becoming Freedom on earth may actually never happen.

Yet the final result is of no relevance.

Know that You are Freedom.

What matters is you freedoming You.

Momentbymoment, breathbybreath, nowbynow.

NOW

Within the NOW of now is where Freedom materialises and manifests.

When and where you are ready, Freedom materialises and manifests as You.

When and where you are ready, You Freedom materialise and manifest.

You choosing to freedom You originates in, with, through your desire and desperation for YOUUnique.

Allowing You Heart to desire YOUNIQUE you naturally begin to freedom You.

Allowing You Desperation for YOUUnique you naturally begin to freedom You.

YOUUnique is how, why, what You are beyond, beneath, in between all the limitation, manipulation, control.

YOUUnique is how, why, what You are in, with, through Freedom.

YOUUnique is how, why, what You Freedom are.

When and where you are ready, you begin to sense, receive, feel YOUunique.

Freedoming calls for total attention, crystal-clear determination, absolute (self)love.

Freedoming requires alertness, consistency, trust.

Alertness enables you to awaken to the ubiquitous limitation, manipulation, control.

Consistency releases YOUnique moment by moment, breath by breath, now by now.

Trust into You Freedom heartens YOUUnique.

Freedoming is an act of commitment, engagement, resolve.

You need to engage into you freedoming You more and more, again and again, anew and anew.

More and more, again and again, anew and anew you need to demonstrate your devotion.

Sensing, receiving, feeling YOUUnique more and more.

Sensing, receiving, feeling YOUUnique again and again.

Sensing, receiving, feeling YOUUnique anew and anew.

Nowbynow.

When and where you are ready, You Freedom are.

You know when and where you are ready.
