

I exist in infinite bodies.

I exist with infinite bodies.

I exist through infinite bodies.

Yes, true. Possibilities are infinite.

The game never ends.

I still believe that it must have begun, somehow...

Nothing, no thing, no body but me.

Ever(Y)body is M(Y)body.

Ever(Y) Body is Me Body.

Do you get the trick?

It is so blatant!
It is so 1:1.
It is so obvious that you hardly realise...

(T)here exists only You.

(T)here is only You.

You are All That Is.
You are How, Why, What Is.
You I AM Is

Surely you have read so.
Surely you have heard so.
Surely you have known so.

I desire you to feel so.

I desire you to sense so.

I desire you to be so.

Being so, you become free to choose.

Being so, you are free to choose How, Why, What You are.

Being so, you choose How, Why, What You AM

I love You

I just love You

I love You infinitely

Be Me

I AM You

I love You I AM

You I AM I love

YouAM love

Love AM
